## Application for FTZ Manufacturing Authority

In addition to the basic information to provide on this page, the form for FTZ manufacturing authority has four possible sections to complete<sup>1</sup>. Most companies do **not** need to complete all four sections – after reading the guidance below, complete **only** the sections that apply to your situation. Our web site – http://www.trade.gov/ftz – explains the different types of manufacturing authority.

### ➤ WHICH SECTIONS TO COMPLETE?

For all applications:

**Section A** All applicants must complete Section A (company/industry information).

All applications will also use <u>at least one</u> of the three additional sections (Sections B, C, and D). Those sections are used to list the "scope" (*i.e.*, products to be manufactured and foreign components to be used) for the different types of manufacturing applications:

**Section B** Only used if you are requesting <u>temporary/interim</u> authority;

**Section C** Only used to define the **primary** scope if requesting <u>permanent</u> authority; and

**Section D** Only used to define an optional **secondary** scope (for permanent authority).

Only fill out the sections that are relevant to the authority you are seeking, answering the questions completely using the boxes provided. There is a continuation page at the end of Section A, if needed.

#### ➤ TRANSMITTAL LETTER

1.	Is your application form accompanied by the required "letter of transi	nittal"	(currently	datec
	and signed by an authorized officer of the FTZ grantee or operator)?	Yes _	No	_

#### ➤ SITE INFORMATION/COMPANY NAME

- 2. a. Zone/Subzone #: b. Site Number(s):
- 3. Site Address(es):
- 4. Company (Manufacturer) Name:

<sup>&</sup>lt;sup>1</sup> Note: If you wish to apply for <u>export-only</u> manufacturing authority, there is a simpler "Application for Export-Only Manufacturing Authority" form for you to use.

# **SECTION A** (PRODUCT, COMPANY, & INDUSTRY INFORMATION)

For each section, please answer all questions completely within the appropriate box provided. (There is a continuation page provided at the end of this section, if needed.) Submission of incomplete or inaccurate information may delay the processing of your application.

A	A26.	Are you aware of any studies or reports that have be done recently regarding your industry or industry sector? If yes, please list the titles and authors/publishers below – you do not need to submit the studies/reports with the application. Note: The FTZ Staff may later ask for your assistance in obtaining a copy of these publications as part of the Staff's case-related research.

NOTE: Because the applicant is not seeking Temporary/Interim Manufacturing Authority, Section B is not being submitted.

### **SECTION C** (**PRIMARY** SCOPE FOR **PERMANENT** AUTHORITY)

The information in this section will establish the "primary" scope of authority if you wish to conduct activity under permanent FTZ authority. Your primary scope should only include: 1) the range of finished products and foreign-status inputs that your company plans to use in manufacturing under FTZ procedures and 2) finished products and foreign-sourced inputs that you believe that there is a significant likelihood that your company will need to use for FTZ manufacturing.
